Michael A. Scott, Project Director  
 Facilities Standards and Operations Division  
 Board of State and Community Corrections  
 600 Bercut Drive  
 Sacramento, CA 95811

Dear Mr. Scott:

Tehama County sincerely thanks the SB1022 Executive Committee and the Board of State and Community Corrections for the conditional award of \$6,526,000 for the Tehama County Community Corrections Re-entry and Day Reporting Center. The letter from Deputy Director Gary Wion has requested the Board of Supervisors submit a Resolution accepting or rejecting the conditional award, including specification of any amendment to the project scope, by April 18, 2014. Tehama County requests additional time in order to make this important commitment.

Unfortunately, the award amount is less than one-third (1/3) of the proposed project costs. The partial award amount is not sufficient to develop a project that meets the essential goals of the originally proposed project. It is hoped that over the next three months additional funds can be identified locally, from other funding agencies, or from the State for the original project or for a reduced-scale facility that can still meet the objective of providing the broad array of services needed. The County is committed to the original project concept, and is therefore proceeding with the CEQA process for the original project scope and moving forward with the relocation of the existing library on the site to be able to expedite the project once full funding is received.

It is our understanding that the BSCC Board of Directors has a regular Board meeting scheduled for September 11, 2014. We ask for an extension until the date of that meeting to provide our decision regarding the partial award.

We ask that our request be forwarded to the BSCC Board of Directors for consideration at their meeting scheduled for May 8, 2014. Tehama County staff will be available to attend the meeting to respond to questions if necessary.

Sincerely,

Steve Chamblin  
Chairman of the Board
